# CV

## Junior full stack developer

### SUMMARY

I would describe myself as **flexible, innovative, fast, accurate, and willing to develop**. I want to work for a company where I can use my skills for its development. I have grand ambitions and am looking for an exciting and meaningful everyday life. **I never give up**, and I love to create new things. For me, problems are **just a challenge** that I look forward to tackling.

### WORK EXPERIENCE

2022 May -  
until today

**Internships at startup FagFolk.net**
